

Architectural elevation drawing of a building facade. The drawing includes the following technical annotations:

- Roof:** A gabled roof with a scale pattern. Annotations include "kontrola stavu krytiny včetně hřebenáčů" (check roof condition including battens) and height markers 174.36 and 174.30 at the ridge.
- Left Wall:** Features a vertical stack of rectangular windows. A circular callout "T1.4a" points to one of them. The ground level on the left is marked 163.61.
- Central Wall:** Features a large arched doorway with a grid pattern. A circular callout "Z1.6 stávající mříž" (existing grille) points to it. The top of the arch is marked 166.61. To the right of the arch is a rectangular window with a height marker 163.86.
- Right Wall:** Features a series of rectangular windows. A circular callout "T1.4a stávající žaluzie" (existing shutters) points to one of them. A diamond-shaped callout "1.XIV" is located between the central and right walls. The ground level on the right is marked 164.26. A dashed line indicates a lower level or foundation.
- Ground Level:** A horizontal line at the bottom is labeled "SROVNÁVACÍ ROVINA 162.00 Bpv" (leveling plane 162.00 Bpv).
- Other Markers:** Various height markers are present: 170.66 on the left eave, 165.94 and 164.32 near the right wall windows, and 165.20 near the bottom right corner.
